

GIRL PASSES AS WHITE ALL LIFE

Pearl Wilson, Arrested in Baltimore, Admits She Is Negress.

Special to The Washington Herald.

Baltimore, Aug. 1.—Years of effort to conceal the fact that negro blood flowed in her veins came to naught last night when Pearl Wilson was arrested and the police learned that she was a negress. This morning she sits in a cell at the Central Police Station declaring she does not want to live since her secret has become known.

For years the girl, who is 21 years old, has been living among white people and all her associates are white men and women. She has boarded on Hamilton terrace and on Calvert street and her secret was secure, but when she moved to 104 North Front street last Saturday it proved her undoing.

Late yesterday afternoon Sergt. Bernard Graf and Patrolman Frederick Korn and James Holden saw the girl and a young man of East Twenty-first street carrying some things into the house, and for some time Sergt. Graf became suspicious of the woman.

The girl and the young man were arrested on a charge of getting in a disorderly manner. At Central Police Station the sergeant requested the girl to remove her hat, but she refused. He raised the hat and became suspicious of her hair, and a glance at her finger nails showed that the half moons were absent and a dark line marked the upper ends.

She was taken into a private room and questioned, and in a few minutes she broke down and admitted that she was a negress. She was then charged with violating the segregation ordinance by renting a room and moving into 104 North Front street, which is in a white block. This morning when Sergt. Graf and the policemen told the story to Magistrate Packard she was held for \$100 bail on the segregation case and the disorderly cases against her and the young man were dismissed.

WOMEN LONG DISTANCE SWIMMERS TO COMPETE

First Annual Event Under Auspices of Police Department Will Be Held August 16 in Potomac.

The first annual long-distance swim for women, under the auspices of the Washington police department, will be held in the Potomac on August 16. There is to be no entrance fee and the Washington Canoe Club will furnish dressing facilities, while the Washington Swimming Club will furnish a canoe with two of its members to follow each contestant as a precaution against accidents.

The course leads from Krazy Kamp to Dempsey's boat house, a distance of about a mile and a quarter. It is announced that no prizes are to be awarded, but transportation will be furnished from the club house of the Washington Canoe Club to the starting point.

Those wishing to enter must make application before August 15, and must report at the Washington Canoe Club in their swimming suits at 5:15 o'clock on the day of the contests.

Powder Blast Kills Six.

St. Helens, Ore., Aug. 1.—Six men were killed here yesterday afternoon in the explosion of a quantity of powder on the Rock Island road. The cause of the explosion has not been determined.

MILITIA RELIEF WORK INCREASES

More Money Needed to Aid Needy Guardsmen's Families.

There appears to be no slack in the demand for relief among the families of the District militia. According to Mrs. Alice L. Stuart, executive secretary of the Citizens' Welfare Association, there were eight new applicants for relief yesterday. This is above the average. Many of these who were helped a month ago are returning for aid. Mrs. Stuart states that it begins to look like a regular job for the association as long as the guardsmen remain in the service.

The first meeting of the executive committee, since organizing the association, will be held at 12 o'clock today. The principal point to be discussed at today's meeting is the question of funds. The city will be flooded soon, it was announced yesterday, with a circular soliciting regular subscriptions each week or month.

In the future, the investigating committee, of which Mrs. William E. Harvey is chairman, will meet but twice a week instead of three times, on Monday and Thursday.

Mrs. George Cook, of Howard University, who has been attending to the investigating and counseling work among the families of the soldiers of the First Separate Battalion, has left for her vacation. Mrs. James E. Walker, wife of Maj. Walker, of this battalion, will substitute.

Notes of Camp Ordway

By WATSON DAVIS.

There is a handsman of the Third Infantry who is only 14 years old, but he turns out for all ceremonies. He is Karl Schaefer, Jr., son of the leader of the band. In the parade of the regiment on the White Lot, he played as well on his clarinet as any regularly enlisted man. He took the hot hike from Camp Ordway like a veteran, and was not counted among the prostrated.

Battery A spent a large part of Monday listening to Capt. C. Vogt and the lieutenants read the 134 articles of war to them. The artillerymen are now thoroughly stirred at the many offenses that are severely punishable in the army, and it is expected that the guard house will be empty for at least a week.

Capt. E. H. Earnshaw, of the Machine Gun Company, reports that none of his men fell out in the White Lot parade. The long hike to the Congress Heights rifle range and back hardened the men, he says.

Lieut. Harry Shilling and Quartermaster Sergt. Campbell have inspected Battery A harness and have declared it ready for service.

Many pictures of different organizations have been taken in the past few days. Troop A has its picture on exhibition in front of the tent occupied by Quartermaster Sergt. Ernest Coolidge.

When the Third Infantry marched across the Highway Bridge to Washington Monday, Col. Glendie B. Young had to make the men walk slower, as his attention was called to the sign "Speed Limit, Twelve Miles an Hour."

Company G has a yell that is used on the hike. Capt. Tom Fawcett acts as cheer leader. It runs: One, two, three. Who are we? We are the boys of Company G. We are rough, we are tough. When we hike we never get enough. Hooray, hooray, hooray.

There was a rush to the shower baths, when the troops reached camp after the White Lot review. Col. Glendie B. Young allowed the men to use them, although they are usually closed at 6 o'clock. Every man was soaked with perspiration from the long hike. Many were undecided whether to eat first or make a dash for cool water.

Sergt. G. L. Bernard and Private Seagrell, of Battery A, were principals in a wrestling bout in the battery street last night.

Private H. D. Smith and Corporal J. S. McCurdy, of the Machine Gun Company, are spending their time sawing up eighteen cords of wood. They have about five of it completed.

Capt. C. L. Adams, of Company I, has made the highest record of any member of the militia who has shot on the Congress Heights range since the militia has been called out. He made 226 out of a possible 250. A score of 210 qualifies for expert.

Company I qualified seven experts, eight sharpshooters, twenty-three marksmen and ten first class, when it was on the rifle range recently.

Lieut. Charles B. Hamilton, of Company A, is always counted on when the officers plan any little entertainment, as his store of monologues and funny poems is nearly unlimited. When marching with the men, too, he makes them forget their aching feet and backs with songs and cheers.

Sergt. Milo Atchison, of Company D, is a sharpshooter with the 22-caliber rifle, and some night he is going to show the audience in the Y. M. C. A. tent all the stunts of the stage sharpshooter.

Sergt. L. Quinn, of Company C, is giving instruction in semaphore signaling to the non-commissioned officers and a few privates each day at 4 o'clock. The privates receiving the instruction are Privates Schultz, Utterback, F. Bertson, H. M. King, Hosmer, Fleming, Moyer, Hammond.

Company M has been hustling for recruits. Private William Cropp brought in three recently and Corporal Edward McCoy and Private Temple Biggs in attempting to outdo him, took nine men up to the recruiting office.

For one-half hour without rest, Sam G. Hamilton and Philip Gamsey, boxed, and even at the end of that time, there was no decision. Exhaustion on the part of both men stopped the match. Both are clerks in Maj. Coope's office.

Says Jealousy Caused War. Amsterdam, August 1.—England's hostility to Germany was caused by commercial rivalry, Count von Reventlow, German military expert, stated in a lecture at Munich. Admiral von Tirpitz, he said, had long understood Great Britain and Germany, one day would have to fight each other.

Boat Capsizes, Forty Drowned. Santiago, Chile, August 1.—The steamer Ecuador capsized today off the port of Constitution and forty persons were drowned. Many were saved by rescue boats that put out from the mouth of the Maule River.

There are about 1,000 kinds of mosquitoes.

"ANURIC"

Will Quickly Stop It!

Simply to realize the importance of the oncoming kidney trouble, by the first symptoms, backache or throbs through the kidney region, is money in one's pocket as well as years of sickness forestalled.

No organ of the body is more easily deranged than the kidneys. Day in and day out their action is constant, in separating poisonous matter from the blood. Most cases of kidney trouble may easily be overcome by merely taking hot water and a little "Anuric" before meals.

"Anuric," the recent discovery of Doctor Pierce, of "Favorite Prescription" and "Golden Medical Discovery" fame.

For instance, here is a letter that of Mr. WALTER CARLSON, who says:

"I suffered for four years with pain in my back. I tried everything there was but they all failed to help me. I even went to a doctor and he could not cure my backache—said it was from the kidneys. A friend of mine advised me to try a box of Dr. Pierce's Anuric Tablets, and so I did; I used two boxes and the pains were gone. I am not telling any lie—the pain in my back was something terrible. As soon as I would bend over to get something from the floor I thought my whole back would burst.

"I would advise sufferers to try 'Anuric Tablets' and they will find results; they need not take my word for it."

NOTE:—Experiments at Dr. Pierce's Hospital for several years proved that "Anuric" is many times more potent than lithia in removing uric acid from the system.

Just ask for "Anuric" at druggist's, or send Dr. Pierce 10c. for a trial package.

OH! MY BACK!
